

What other subject headings could be made more inclusive?

- Indians of North America
- Anything LGBTQIA related (have a tough time with finding these in LOC)
- It would be nice if we had the option for "Latino" "Latina" and/or "Latinx" instead of Hispanic Americans
- Mentally ill, Sick and other health related ones that use substantive adjectives for classes of persons
- Gender identities
- Trans headings
- Women in...
- Homeless, transient,
- Asian, "Oriental"
- Disability related
